\$500 Saddle Horse Stake Is Offered in Horse Show

One of the most interesting features in connection with the Appalachian Exposition at Knoxville, Tenn., September 12 to October 12, will be the decision as to who owns the greatest five-gaited saddle horse in America. This has been made possible by the liberality of some of Knoxville's progressive business men in offering \$500 in cash as a purse for such a class of horses.

The horse show will undoubtedly be the greatest social feature during the exposition, and the introduction of this additional feature has made it more outstanding than ever. This class in itself will be worth traveling many miles to see, for it will bring together in one competition the greatest collection of registered American saddle horses that has ever been seen in the south. For those who have never been fortunate enough to witness such a magnificent display of horses, trying for the much-coveted American championship, it will be a most interesting sight.

The stipulations for this class are as follows: To be known as the Knoxville Business Men's Saddle Horse stake; purse \$500. For stallions, mares or geldings, any age. To be shown under saddle and must go five distinct gaits, viz.: First, walk; second, trot; third, canter; fourth, rack; fifth, either running walk, fox trot or slow pace. Must be registered in the American Saddle Horse Breeders' association. The winner of this class will not be allowed to show in the five gaited class, which will be held on the last night of the horse show.

Entrance fee, 5 per cent of purse. Entries for this class close September 1. Purse divided as follows: First, thirty per cent; second, twenty-five per cent; third, twenty per cent; fourth, fifteen per cent; fifth, ten per cent. Eight entries to fill.

LIVE STOCK PREMIUMS.

The committee in charge of the live stock exhibits for the Appalachian Exposition at Knoxville, Tenn., Sept. 12 to Oct. 12, announces \$11,000 in prizes and premiums, besides special cups, which are being offered. From all indications and inquiries, it is safe to say that the capacity of the barns which have been ordered erected will not be half sufficient for what is coming, and that they will have to be increased.

Everybody from everywhere seems to be talking about the Exposition, is the report the Live Stock Committee makes.

Pyrotechnic Features

Will Be Magnificent

Pain's "Battle in the Clouds" a Notable Feature of the Appalachian Exposition.

The pyrotechnic feature of the Appalachian Exposition in Knoxville, Tenn., September 12 to October 12 will be important. Great displays of Pain's peerless pyrotechnic presentations, mighty in their brilliancy, will be given every night during the first week of the exposition. The culminating feature, however, comes the second week of the exposition, when the "Battle in the Clouds," a wonderful story of the day with aerial realism will be presented.

"The Battle in the Clouds" is now being presented nightly in the immense new amphitheater at Luna Park, Cleveland.

Fully three hundred people participate in the stirring episodes, battles pageants and of this big exhibition, the beautiful scenic representation of the city of science together with the airships occupies the entire infield of the race track.

The fascinating and thrilling mid-summer night shows of the famous Pain have for twenty-seven years been the one big night attraction at the fashionable Manhattan beach, New York, and also for the same length of time at Alexandria Palace, London. The production to be given at exposition will surpass anything ever seen in an open air amusement line in the country.

The spectator will see before him in the great amphitheater a mimic city of the period A. D. 2000, with its palaces, temples, triumphal arches, wireless telegraph stations known as "The City of Science."

A fête is being held to celebrate the establishing of communication with Mars. Soldiers parade the streets and children will dance before "King Pyro" and his Queen Electra, rulers of the City of Science, and the greatest aerobatic and novelty acts procurable are presented.

Mars is displeased over the success of the World of Science being able to signal his planet and sends airships to warn the aspiring race to desist in its efforts. To wrest every secret from a reluctant nature, King Pyro defies Mars, and sends his aerial fighting machines to pieces, gives a very graphic scene version of the destruction of a city by aerial craft. When the smoke has fairly cleared away above the ill-fated city, the second grand event begins, a gorgeous display of Pain's Manhattan Fireworks terminates the evening's performance.

In this marvelous pyrotechnic program, which is changed nightly, are shown all the latest novelties in fireworks, for which the famous Pain is justly celebrated, both in this country and in Europe. Provision will be made to accommodate 10,000 people.

The acts secured this year for the "Battle in the Clouds" are the largest and best of the vaudeville world. The exhibition of Gene and Marie Aeltz man on the high wire are alone worth a trip of miles to see. The flying Jordons, the Eugene Trio, Balne's Back Bouncing Rope, Sudin Osterlin with their trick horse and others equally as great furnish the program for the entertainment of the citizens of the City of Science.

Free Sympia Sample

Dr. Caldwell's Syrup Pepsin is a laxative tonic, a scientific blending of natural ingredients for the cure of constipation, indigestion, liver trouble, sour stomach, sick headache and similar complaints. Its ingredients will so strengthen and tone the stomach and bowel muscles that they will again do their work naturally, and when that has been accomplished your trouble is over. Fannie Stuart, Staunton, Va., was a long-time sufferer, as was O. Tuck, Blackburn, Mo., and they both found their cure with this remedy. They became convinced that pills and tablets, salts, "dyspepsia cures," etc., were at best only temporary relief. They first accepted Dr. Caldwell's offer of a free sample bottle, which he willingly sends to anyone who forwards name and address. Later, having convinced themselves through the free sample, they bought Syrup Pepsin of their druggist at fifty cents and one dollar a bottle.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For other request the doctor's address is Dr. W. B. Caldwell, R. 500 Caldwell building, Monticello, Ill.
